Detalle gramatical

El infinitivo en español

In Spanish, the most basic form of verbs (action words) is **el infinitivo** (the infinitive), the form that usually corresponds to the English verb preceded by "to". The Spanish infinitive is just one word, and it always ends in **-ar**, **-er**, or **-ir**:

- estudiar to study
- hacer to do, make
- escribir to write

You have already learned to use the infinitive with **me gusta/te gusta** to express activities you like to do.

- ¿Te gusta **jugar al** fútbol? Do you like to play soccer?
- Me gusta **tocar** la guitarra. *I like to play the guitar.*
