4-Exceeds Expectations

- ☐ I speak Spanish and avoid English from bell to bell **even** when we're **outside** of prize time.
- ☐ I exceed expectations by going above and beyond what is required.
- ☐ I always stretch myself to communicate in Spanish with both my teacher and classmates.
- ☐ I am enthusiastic about learning Spanish!
- ☐ If I keep doing what I'm doing, Srta. Hawkins will not worry about whether I could have gotten better over the year.
- ☐ Almost no room for improvement.
 - I even speak Spanish with Srta. Hawkins and classmates outside of class.

3-Meets Expectations

- ☐ I never speak English during prize time, and I **try to stay in Spanish** outside of prize time.
- ☐ I often choose silence instead of attempting to communicate in Spanish.
- ☐ I use my references to help me comprehend and communicate.
- ☐ I show no negative behavior.
- ☐ I work bell to bell.
- ☐ I do what I can to understand: I read the instructions, look at the screen, through my binder resources (our textbook), look at the walls, and **ask questions**.

2-Approaching Expectations

- ☐ I speak English instead of Spanish if we're not in prize time.
- ☐ I ruin the class prize by speaking English when it's not allowed.
- ☐ I use my cell phone in class.
- ☐ I complain, argue with teacher, get the class on tangents, hold side conversations, or am out of my seat.
- ☐ I am slow to get started on warm-up exercise, wait to copy answers instead of trying for myself first; I sometimes don't complete it by the time we move on.
- ☐ I use homework time to do stuff for my other classes.
- ☐ I pack up before the bell rings.

1-Does Not Meet Expectations

- ☐ I speak so much English that Srta. Hawkins sometimes doesn't punish the class when I talk (but rather gives me a 1 on this ☹).
- ☐ I can check four or more of the boxes under "Approaching Expectations".
- ☐ I zone out and don't do anything because I can't understand anything that jerk Srta. Hawkins is saying.

Without calculating a mathematical average, circle what you think your overall score should be: 1 2 3 4
